The College of Forest Resources (CFR) is the only college of its kind in the state providing learning and research opportunities in forestry, sustainable bioproducts, wildlife, fisheries, aquaculture, and water resources. The college has over 4,000 alumni who make an impact daily on conserving the planet and providing for a sustainable environment. The college has earned a national and international reputation as a center for science and education programs in forestry; wildlife, fisheries and aquaculture; and sustainable bioproducts. A Master of Science degree in forestry offered through distance learning allows students from across the globe an opportunity to advance their knowledge.
