The Health Education and Wellness Department provides resources and educational programs to Mississippi State students. Topics covered by the department include

- alcohol and drug education,
- tobacco cessation,
- stress management,
- mental health,
- cancer awareness,
- men and women's general health issues,
- sexual health and responsibility,
- nutrition,

The department assists students to make healthier choices to improve their MSU experience through a variety of free services. Through the Goal-driven Alcohol drug Intervention Network (G.A.I.N.) program, students are educated about making wise choices concerning alcohol consumption. Students recovering from substance abuse, behavioral and process addictions or eating disorders will find the support and resources they need within the Collegiate Recovery Community. A registered dietitian is available for appointments, and programs and tobacco cessation sessions are free to all students, faculty, and staff. The department supports and promotes the healing, renewal, safety, and justice for survivors of dating violence, domestic violence, sexual assault, and stalking through education, awareness, and advocacy efforts as well.

The Health Education and Wellness Department hosts programs, presentations, and campus-wide awareness campaigns for various health topics. Visit the website (www.health.msstate.edu/health) to learn more about the department and its services or to request a program.

Student Health Center

University Health Services and The Longest Student Health Center are designed to give primary medical care to students with mental and physical health issues. The Health Center is open during regular school sessions to all MSU students. It is recommended that all students use the Student Health Center as their preferred provider of care while at MSU. The Center is staffed with well-qualified family practice physicians, nurse practitioners, and registered nurses to provide primary medical care for students. Ancillary services include pharmacy, laboratory, x-ray, and physical therapy. The health fee covers the physician's professional charge for an unlimited number of clinic visits. Ancillary services are provided on a fee-for-service basis. Those who need more specialized care than the Health Center can provide will be referred to the appropriate resource. For an appointment call 662-325-7539. Clinic hours are 8:00 a.m. to 5:00 p.m., Monday, Tuesday, Wednesday, and Friday; 9:00 a.m. to 5:00 p.m. on Thursday.
